

BEST OF RAJA AMPAT

All Year | Sorong to Sorong

7 & 9 nights | Gam, Wayag, Kawe, Aljui Bay, Uranie. Longer trips include Penemu, Pelee, Cape Kri/Dampier Strait, Batanta, Daram, Wayilbatan, Fiabacet.

Itinerary highlights

Centre of the Coral Triangle, Raja Ampat is the most biodiverse place on earth.

Chance to see hammerheads, manta and other pelagic action combined with colourful pristine reefs.

Be mesmerised by patrolling pelagics hunting their next meal.

Discover something for the first time, a walking shark!

Copious fish life, immense colours and mysterious critters, truly something for everyone.

Misool's sugarloaf islands, fifty shades of blue lagoons, deserted islands and dense, green mangroves (Misool on the 9 night cruises).

Itinerary experience

All experience levels including snorkellers and non-divers

This is a great itinerary for everyone regardless of your experience level. You don't need a minimum number of dives to join this trip, but you should be comfortable diving in current as they can be unpredictable and strong. Many dives are below 18m therefore having advanced experience would be advantageous, or you can take your PADI Advanced Open Water course on board. Divers may find some dives challenging and may be asked by the Cruise Director to skip dives that are not suitable for their diving experience. Diving is from a zodiac to give precise entry and exit points.

Land visits: A walk to the panorama of Penemu, with stunning views of the lagoon and limestone rocks

Check Dive & Depart Sorong

Once onboard there will be a safety briefing, crew introduction, complete and check dive paperwork, cabin allocation and boat orientation. The first dive is a check dive.

Return to Sorong

On the last diving day, 2 dives are available in the morning whilst observing the rule of no diving within 24 hours of reaching altitude.

You will return to port at approximately 1pm and moor overnight. Evening-time pack up diving equipment and settle any outstanding bills ready to depart for the airport or hotel the following morning.
