

Komodo National Park 7 & 10 Night Itineraries

The boat embarks and disembarks in Labuan Bajo.

For this itinerary, the whole of Komodo National Park including Banta Island will be covered.

Diving activities will primarily be concentrated in Sape Straits (The straits separating Komodo and Rinca Island).

Bima Bay and Sangeang Volcano in East Sumbawa will not be covered in this itinerary.

There will be hiking in Gili Lawa Darat and also the walk on Rinca Island to see the Komodo Dragons.

Highlights of the itinerary:

Manta rays in Makassar Reef & Manta Alley, variety of beautiful soft corals, schooling fishes such as Jacks, fusiliers, Eagle Rays, Napoleon and Bumphead wrasses, Oriental Sweet Lips, black tip sharks, nurse sharks, Oceanic White Tip Sharks, Dolphins, good macro life, The Dragon Walk.

After the last dive of the trip, guests may go ashore to see the Komodo Dragons while guided by the park rangers at either Komodo Island or Rinca Island. *Dragon Walk*, as it's called includes a short walk with an introduction by the guide about the National Park and Komodo Dragons where guests will see them in the wild. Staff members will accompany the group.

Komodo diving liveaboard trips offer different distinct itineraries, and each have been scheduled during the best time of year to dive there.

The 7, 10 and 11 night liveaboard Komodo cruises feature enhanced vacation itineraries that allows guests more time diving and more time in the signature areas.

Each itinerary departs from a different island/port.

Guests are encouraged to arrive at least one day prior to the charter start date regardless of the trip you are on.

- The yacht offers 3 to 4 dives per day depending on itinerary including night dives.
- Depth Range: 30 – 100 ft (9m – 30m)
- Water temperatures can vary greatly within the park.
 - low of 72F/22C in the southern region
 - high of 84F/29C in the northern region.
- 3-5mm wetsuit with hood is recommended year round.

Guests are also suggested to bring reef hooks for use at some dive spots
All diving is done from two 20' x 8' tenders.
