

Explore the Far North

70+ dives recommended and AOWD or equivalent + Nitrox qualified

Program

You'll begin your journey on the Spirit of Maldives with a 50-minute flight, either from Male to Hanimandhoo or Hanimandhoo to Male, depending on whether you're traveling northbound or southbound.

Your one-way expedition will take you through North Male, Lhaviyani, Baa, Raa, Shaviyani, and Haa Alifu Atolls, reaching the northernmost reaches of the Maldives, about 180 miles north of Male.

There, you'll dive into the reefs of Shaviyani and Haa Alifu Atolls, exploring lesser-visited waters filled with hidden gems like vibrant reefs and thilas for exhilarating encounters.

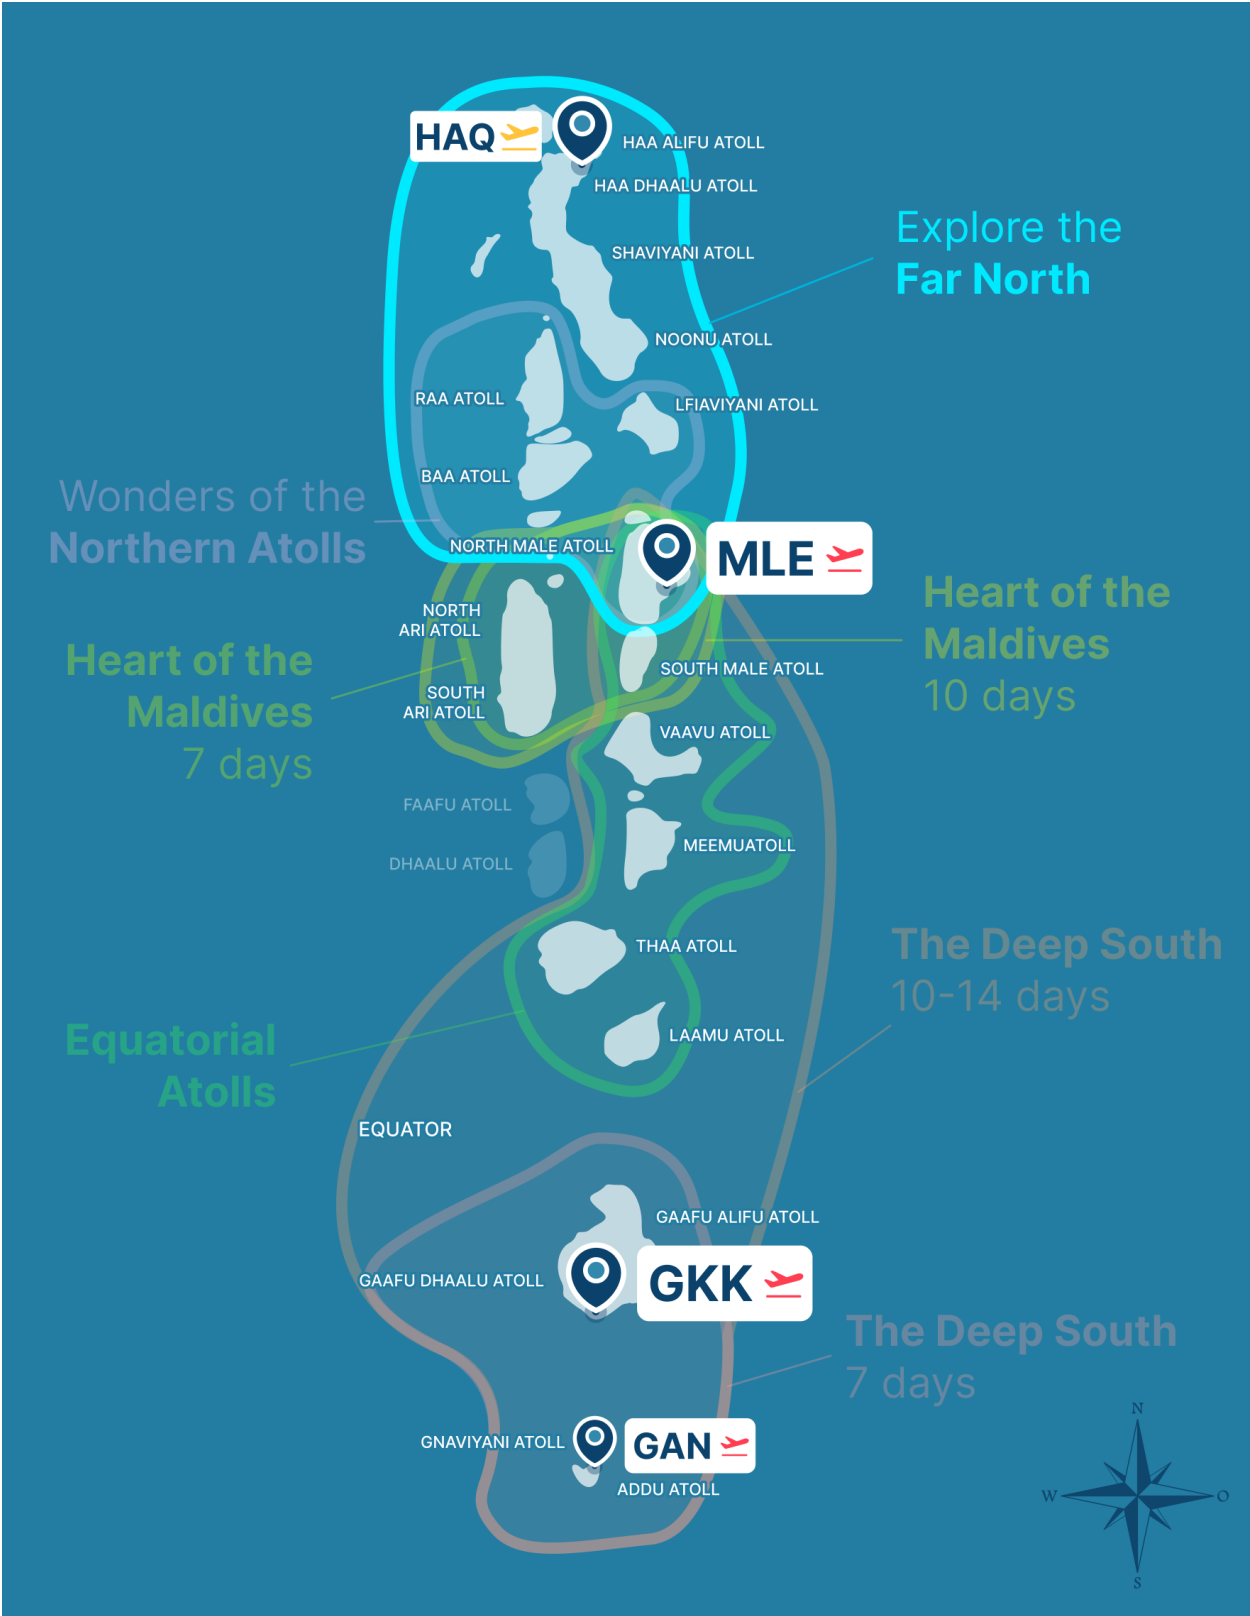

The experienced crew, deeply familiar with this area, will guide you to incredible shark and manta points, ensuring you're immersed in a remote world untouched by crowds, with just your diving buddy by your side.

These Far Northern Atolls, the oldest in the Maldives at 65 million years, hold ancient history, and beyond them lies the vast Eight Degree Channel, separating the Maldives from the continental shelf of India and Sri Lanka.

During the tranquil northeast season from March to April, you'll venture into these deep ocean waters, where you'll have the rare chance to encounter majestic blue whales and sperm whales in their natural habitat.

Whichever route you choose, this Far North trip promises an adventurous, unforgettable journey off the beaten path aboard the Spirit of Maldives.
