<p>Day 1 Hulhumalé - Khoodhoo</p>  <p>aboard the boat</p>		<p>A Dune agent will meet you at Male International Airport and transfer you to the domestic terminal for your domestic flight to Khoodoo located on Gaafu Atoll where your guides will be waiting to welcome you and guide you</p>
<p>Day 2 Gaafu Atoll South - Fuvamulah</p> 		<p>Gaafu dhall is also made up of very beautiful canals with intact corals and also very frequented by pelagics.</p> <p>Depending on current and wind conditions we will then head to the mythical site of Fuvamulah. Located below the equator, it is renowned for the presence of many sharks, in particular tiger sharks, and very often reserves beautiful surprise encounters!</p>
<p>Day 3 Fuvamulah</p> 		<p>We will spend the day on this mythical atoll searching for large pelagic fish for special encounters. In addition to the beautiful underwater scenery, there are also new chances to encounter napoleons and other shoals of coral fish.</p> <p>Depending on the weather conditions, we will anchor at night.</p>
<p>Day 4 Fuvamulah - Gaafu</p> 		<p>A last dive on Fuvamulah atoll and then we will go back up to Gaafu to enjoy the multitude of canals that this atoll offers. Afterwards we will anchor at night with the possibility to observe whale sharks at the back of the boat.</p>
<p>Day 5 Gaafu - Laamu</p> 		<p>Return from the deep south. In general the crossing is done at night and we arrive on Laamu atoll at first daylight where we visit other dive sites, especially colourful reefs with many beautiful surprises.</p>
<p>Day 6 Laamu - Thaa</p> 		<p>We will leave for Thaa Atoll where we will put the boat in a night anchorage that is famous for its whale shark encounters, and then we will do more dives in the rich canals while waiting for nightfall.</p>
<p>Day 7 Thaa - Meemu</p> 		<p>On the way up to the north, we will go to Meemu to dive other sites with a variety of colours and fauna, and why not enjoy another session with manta rays.</p>
<p>Day 8 Meemu Atoll - Vaavu Atoll</p> 		<p>A stop at Fotteyo, one of the richest and most famous dives in the Maldives with unrivalled colour, but also very famous for the possibility of encountering hammerhead sharks. In addition, the environment around the anchorage offers a splendid sunset over the sandbank.</p>
<p>Day 9 Vaavu Atoll - Malé South</p> 		<p>Return to Guraidhoo with the opportunity to visit the fisherman's island and dive two legendary and unmissable canals.</p>
<p>Day 10 South Malé - North Malé</p>		<p>Back to the starting point with a last dive surrounded by stingrays and giant moray eels and sometimes even a guitar shark who will come to see us every now and again; then rinsing of the equipment, sunset and last evening on board.</p>
<p>Day 11</p>		

A circuit with a strong reputation, the Southern Maldives is an itinerary that is characterized by a pelagic presence that no one can get enough of. A physical cruise with lots of technical dives in the canals. Realize your dream of meeting the mythical underwater species for which the Maldives is famous, in the heart of magnificent landscapes.

The goal of Dune Maldives is to build a personalised journey that exceeds your expectations. The sites and atolls that you visit will be selected based on your desires, while also considering the weather conditions and tides. The itinerary presented is therefore a standard itinerary that can be modified.
